

# Welcome Address for new Master Students

Department of Computer Science

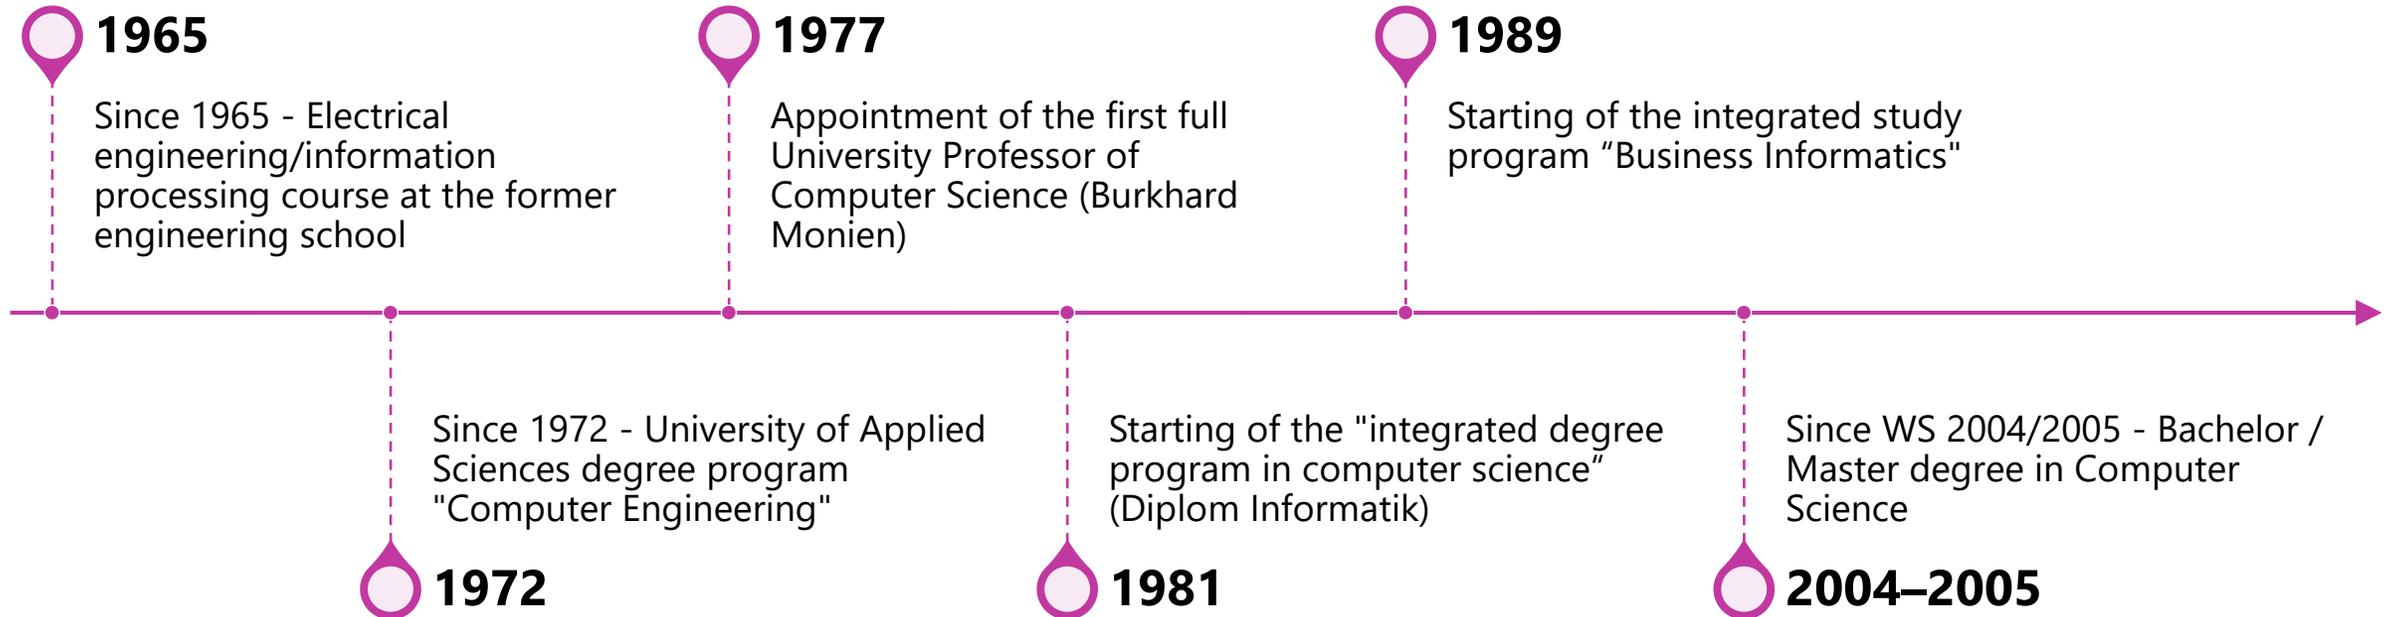

Prof. Dr.-Ing. Juraj Somorovsky  
Deputy Head of Institute

Welcome Week Winter Semester 2025/26  
Oct 8, 2025

## „Long History“ of UPB in CS („Informatics“)

## Current Student Numbers in CS ...

- **696 „Bachelor Computer Science“**
  - 134 „Bachelor Computer Engineering“
  - 419 „Bachelor Business Informatics“
- **421 „Master Computer Science“**
  - 103 „Master Computer Engineering“
  - 80 „Master Business Informatics“
- „countless“ **teacher trainees** in CS
- roughly **100 PhD Students** in CS

## Some current figures on the CS Department

### Staff

- 19 appointed Professors
- 4 Junior research group leaders
- 6 vacant positions ...
- 130 scientific employees
- 40 non-scientific employees

# Research at the CS Department

## 5 Research Focus Areas

- Data Science
- Security
- Domain Specific Computing
- Quantum Computing
- Continuous Software Engineering

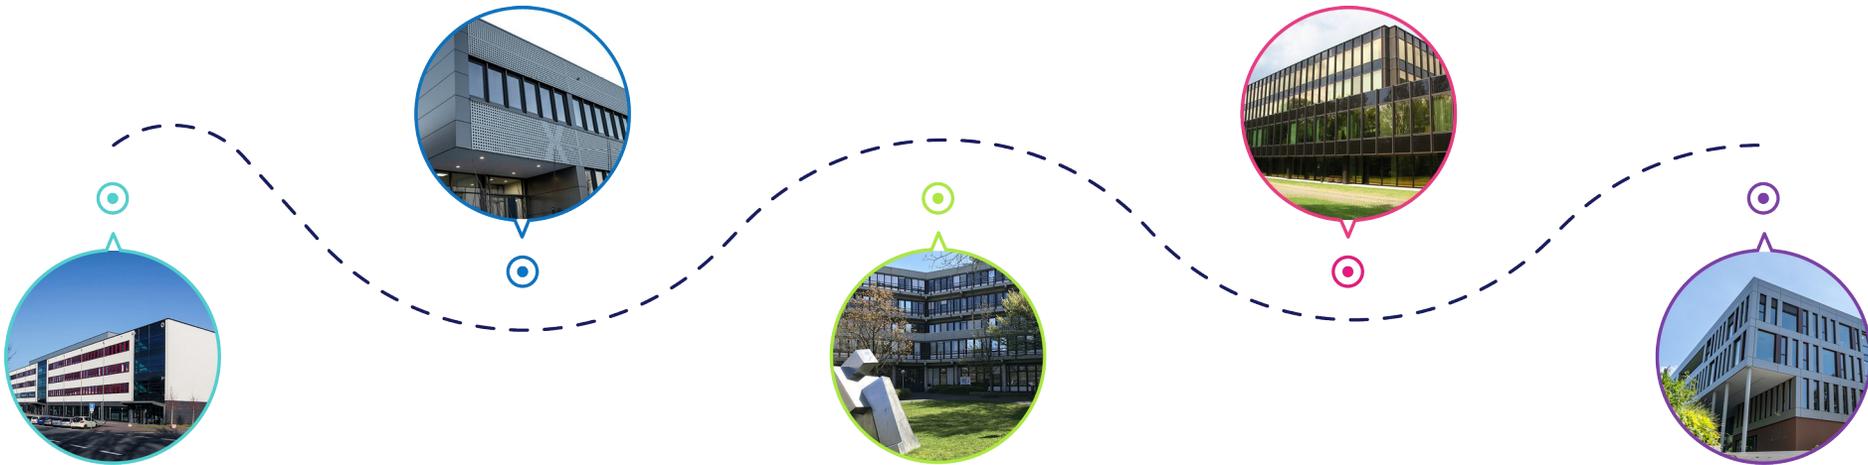

## Where you can find CS Professors, Labs etc.

### Main Campus

- O-Building
- X-Building
- E-Building

### Fürstenallee

- F-Building
- ZM2-Building

## Interdisciplinary Research Units of UPB / CS

### Heinz Nixdorf Institute **HEINZ NIXDORF INSTITUT** UNIVERSITÄT PADERBORN

- „Our research specializes on intelligent technical systems. We design concepts for intelligent technical systems that are adaptable, robust, user-friendly and act with foresight.“

### Fraunhofer IEM **Fraunhofer** IEM

- „The Fraunhofer IEM in Paderborn is developing compelling solutions for the future of engineering - from the initial business idea right through to implementation and market success. The focus is on intelligent products, production systems, services and software applications.“

## Interdisciplinary Research Units of UPB / CS

### Paderborn Center for Parallel Computing

- „The PC<sup>2</sup> is the national high-performance computing center at Paderborn University. Our research mission is to advance interdisciplinary research in parallel computing and computational sciences with innovative computer systems.“

### Software Innovation Campus Paderborn

- „The SICP at Paderborn University is an interdisciplinary research and innovation network in which companies and science jointly research and implement digital innovations ...“
- Organizes **SICP Students' Day** in the summer semester, where you can search for jobs

## Our study office: The first point of contact for your study-related matters

**Dr. Harald Selke**

> Mehr zur Person

**Lennart Clausing,  
M.Sc.**

> Mehr zur Person

**Dr. Rita Hartel**

> Mehr zur Person

**Dr. Jana Seep**
