

## Deadlines and requirements for the seminar

(it is required that you meet all the deadlines, which includes that you attend all the seminar meetings)

!! Deadlines have changed on 2<sup>nd</sup> Oct – see below !!

09.10.2018	Write an application email (1/2 page) to <a href="mailto:stb@upb.de">stb@upb.de</a> stating <ol style="list-style-type: none"><li>1. Your personal interest in joining this particular seminar</li><li>2. Your previous knowledge in the field, i.e. which courses did you do or which additional knowledge do you have in algorithm on graphs or in the field of compression. (For each course provide a .pdf-file showing your grade.)</li><li>3. A statement that you are willing and able to meet all the deadlines and attend all seminar meetings</li><li>4. You also should select your favorite topic (1st choice, 2nd choice, and 3<sup>rd</sup> choice) from the topics that are upload in the web.</li></ol>
11.10.2018	9:15-11:00 in F2.211 Seminar opening meeting
05.11.2018	you send the 1 <sup>st</sup> version of your slides to Peter Pfahler ( <a href="mailto:peter@upb.de">peter@upb.de</a> ). Your 1 <sup>st</sup> version contains the structure of your talk, the main results and the examples used throughout the presentation to explain the main results
12.-16.11.2018	individual appointment with Peter Pfahler discussing your 1 <sup>st</sup> version of your slides
27.11.2018	you send the 2nd version of your slides to Peter Pfahler. Your 2 <sup>nd</sup> version contains all the slides of your talk in a version that can be presented, i.e., including the motivation and visualizations of the examples used to explain the results
03.-07.12.2018	individual appointment with Peter Pfahler discussing your 2 <sup>nd</sup> version of your slides
15.01.2019	you send your seminar text to Peter Pfahler and to Stefan Böttcher
04.-08.02.2019	seminar talks
15.02.2019	you send your revised seminar text and revised slides to Peter Pfahler and to Stefan Böttcher
