About this class

The `targetagreementUPB` class is derived from the `thesisUPB` class. Thus, please have a look at the manual for that class by Hansel (2026).

This document shall merely give hints about the structure of your target agreement. Feel free to edit it directly for writing your target agreement.

1 Description of the approach

Here, you give a high-level overview of the topic and your approach.

2 Motivation

Now, you want to motivate your work. Why is it important? What can be gained from working on this topic? Why is your approach a good solution to the problem?

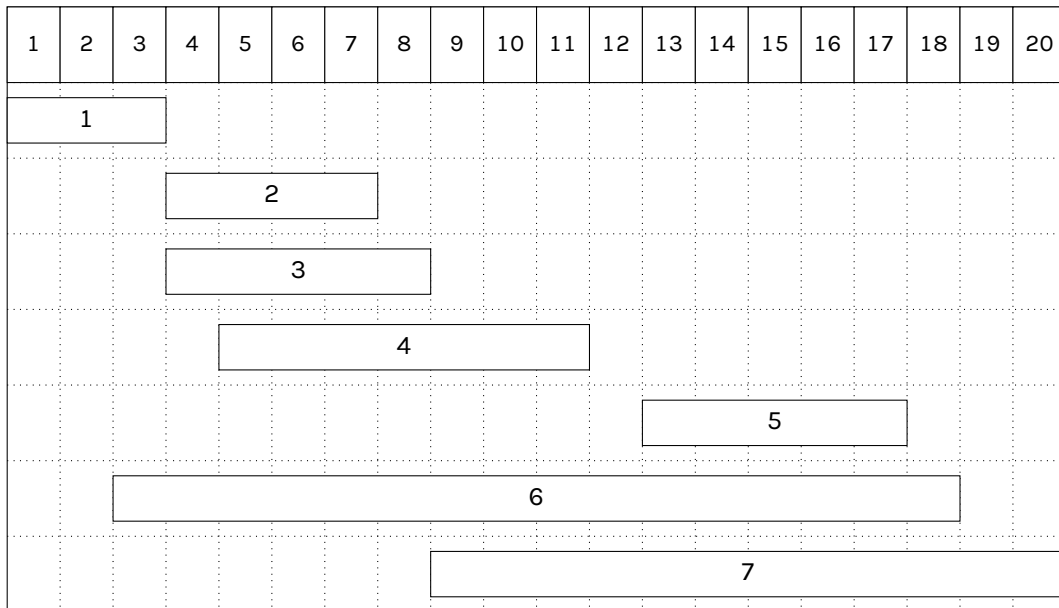

3 Explicit statement of the thesis' objective

Here, you continue by describing the problem in more detail. What problems will you need to work on? Which techniques do you want to use to tackle the problem? How do you plan on evaluating your work?

4 Necessary work

- In this section, you again state which tasks you will work on in a concise manner.
