

Installing Eclipse

1. Download and install “Eclipse Classic” V3.7.2 (Indigo).
2. Launch Eclipse
3. Help/Install new Software.../Add...
 - a. Name: SQA Tools
Location: <http://www.soltenborn.de/sqa>
 - b. Install Checkstyle, EcEmma, FindBugs, and PMD 3 (note that the “Calculating requirements and dependencies” phase can take quite a while)
